

## **Magnified**

He sees you through the magnifying glass.

All of your attributes are magnified.

All of your sins are magnified as well.

He can taste, smell, and see all.

Nothing escapes Him.

He hedges in and around you.

He is before us and behind you.

He sees all.

He knows all.

He is all in all.

What seems small to you is magnified in His eyes.

The beautiful ways that you show love may seem normal or ordinary to you.

But they are magnified to Him and bless His soul.

The "small" sins that you have ignored yet continued cause great grief to His heart; they are no small thing to Him.

The hills become mountains, and the valleys become ravines.

You have allowed the world to minimize these things.

You are conditioned to the little things.

These things are great and not to be set free from your mind.

Give them their rightful attention.

Magnify the little things you do in His name.

Expand and increase them and know that no matter how small, they please Him.

Magnify your little sins and recognize them for the great evil they are.

Confess these things and turn away from them, as they beat upon His heart and remind Him of the pain of His great sacrifice.

Know that your ways, your thoughts, your actions, and your sins are all magnified to Him.

This is because He is holy and righteous, and He lives inside you.

He knows and searches your heart.

He knows the reasons for the things that you do whether good or evil.

He is in you.

He feels you.

He knows you.

He has known you since you were but dust.

Beware of Him.

Be aware of Him.

Recognize Him.

Abide in Him, and see things as He sees them.

Magnify all things; see them through His eyes.

This will not only give you wisdom, but strength, joy, and hope in Him.

You are one with Him... Magnified.
